

Dear Parents and Students,

This year I am starting a Math Team/Club that will be different than previous years. We will be meeting on Wednesdays and working on a multitude of math skills and activities. Some Wednesdays we will work on problems, some Wednesdays we will learn a mathematical game, like cribbage, and other weeks we might be measuring and building things. The times of these meetings will also vary as I know not everyone can be here at 7:15 am or stay after school. By joining this club/team you are not necessarily going to participate in the Math Meets that are held by the Pine Tree League. That is an optional part of this club/team. Students will be asked who is interested in attending and selections will be based on attendance of the club meetings. There will be a \$5 fee in order to participate in the Math Team/ Club to help cover snacks and supplies.

There will be two Math Meets this year, the first is on Thursday, November 12th at Durham Elementary School and the second will be on Thursday, March 4th at Raymond. I am looking for parent volunteers to help drive to these two meets. In order to drive students you must have completed the Protecting God's Children Class and provided a copy of your driver's license and insurance to the office. If interested in helping out please email me or let the office know. (lori.rioux@portlanddiocese.org or 784-8811) There will be a \$5 fee to help cover snacks and supplies. If you have any great ideas of things we could do please share your idea with me and if anyone is interested in helping that would be great too!
